

# Testing WJ, BD and footnotes in WJ

This is a title

**1** This text has some **wj marked** text.<sup>†</sup> <sup>2</sup>Here in verse two, we are all normal text (including the verse number?)

<sup>3</sup>And that was a p class **paragraph break, and this should be bold.** <sup>4</sup>The verse number **ought** to be normal, non-bold.

---

<sup>†</sup> **1:1** This is a footnote called from wj text <<hello>> goodbye
